GlobalMeet Audio for Cisco WebEx & Cisco Collaboration Meeting Rooms

Make Every Meeting More Productive

GlobalMeet Audio enhances every Cisco WebEx and Collaboration Meeting Rooms (CMR) experience by providing reliable, crystal-clear voice communication and the ability to connect with more participants. GlobalMeet Audio can also be used outside of WebEx for high quality audio conferencing with colleagues all over the world.

Get started quickly and easily
Your Cisco WebEx and CMR accounts are implemented with GlobalMeet Audio in a few simple steps. The tight integration enables you to manage the audio conferencing service using the controls on the Cisco user interface, providing a seamless experience for hosts and participants.

Simplify global service and support
Enjoy having a single point of contact at your fingertips for sales, service and support on both your GlobalMeet Audio and Cisco solutions. Global Service management is handled by one team and includes flexible billing and reporting.

Over 160+ Global Access Numbers
Across 60+ Countries

Flexible Connections
Local/Toll-free & VoIP

Mobile App
Connect easily while on-the-go

Cisco Webex Meeting Center

Deliver presentations, demonstrate applications, and sharecontent from your personal meeting room just like you would in person. View videos from up to seven attendees and support both phone and computer (VoIP) connections in the same meeting with integrated GlobalMeet Audio.

Cisco Webex Event Center

Deliver a town hall, webinar or company-wide presentation and engage a large audience. WebEx Event Center offers features for real-time interaction, impressing prospects and generating more leads. Support phone and computer (VoIP) audio connections with integrated GlobalMeet Audio and create customized events that include multimedia content. For high-profile events, skilled event management professionals are available to ensure that your events are executed flawlessly.

Cisco Webex Training Center

Deliver interactive training in a compelling learning environment with high-definition video, integrated GlobalMeet Audio and multimedia sharing. Measure training effectiveness with integrated testing and reports.

Cisco Support Center

Provide high-touch IT support and customer service to employees and customers anywhere in the world with video and integrated voice communication using GlobalMeet Audio. Reduce costs while increasing your support team's reach and productivity.

Cisco Collaboration Meeting Rooms (CMR)

Cisco CMR delivers video collaboration to every device and enables hundreds of users to join a unified video, audio and content-rich experience. Integrating GlobalMeet Audio allows participants toconveniently join using a landline or mobile phone.
